

SHYC PRESIDENT'S REPORT October 2019

Dear Members,

Our summer maintenance projects are nearly complete. Our many projects included the repainting of the entire clubhouse. We still have some concrete patching in a few areas and that will be completed on October 17th. We have some before and after pictures attached for your review. Our facility is about to enter its 15th year and we strive to keep it looking 1st class in all areas.

Our equipment maintenance projects are always a top priority for us. The management has an aggressive maintenance program for all our equipment, particularly the forklifts. New forklift tires have been installed on the big lift, so we are ready to go for season.

We are STILL waiting on permits to install 2 floating docks and a pedestrian walkway by the boat washing station. Hopefully, this will happen soon.

I hope that everyone has had a safe, healthy and fun summer. Our management and staff and Board of Directors welcome you back and will do all that we can to assure that this will be a great boating season for you, your family and friends. As stated, our extensive summer maintenance and refurbishment projects are nearly complete, and our facility is in great shape for the season.

Our Annual Food Drive begins on November 1st thru December 15th. Every year our contributions have increased, and we hope to have a record number of items donated by our members and guests this year. Please help those less fortunate by donating to

the drive. There will be a donation box by the valet station for your donation of canned foods and non-perishables for needy families and/or personal health supplies for the homeless.

Finally, we would like to wish Carol Caraotta a speedy recovery from her recent knee replacement surgery. Carol is a lovely person with a wonderful personality who is an outstanding comptroller who recently celebrated her 10th anniversary at SHYC. She returned on a part time basis less than two weeks after her surgery and will return full time very shortly.
